George Spencer Academy: Asymptomatic Mass Testing of Students

Overview for managing the testing of students:

- We will test students 3 times on school site within the first 2 weeks, 3-5 days apart.
- Students will return to school following their first negative test result.
- On the day the students have their first test they will return home and learn remotely for the rest of the day. They will return to face to face education the day after their first test, if negative.
- The in-school offer for the vulnerable children and children of critical keyworkers will continue throughout the staggered return.
- Students who have not opted to be tested will return to face to face education on the same day as the rest of their year group.
